

**(Use ENGLISH H W Note Book to ANSWER)**

**I) Read the following passage carefully and answer the questions that follow: 1x5=5**

The Egyptians believed that after people died, they would go to another world; they thought people would still need many of the things they had on earth. Their kings had many wonderful treasures and these treasures were buried with them.

The kings were not buried in the open ground or in graveyards, but in green buildings or tombs called pyramids which were built out in the deserts. These pyramids which can still be seen today were made of stone. Inside there are secret doors which lead to secret passages and then to a secret chamber. There Pharaoh's body was preserved, so that it would go on looking the same for thousands of years. These preserved bodies are called mummies.
