## KHANNUR VIDYANIKETHAN SCHOOL, RANEBENNUR

**MID TERM EXAMINATION OCTOBER 2020** 

Grade – I

Subject – COMPUTER SCIENCE

Marks-20

## (USE COMPUTER HW NOTEBOOK TO ANSWER)

| 1. A machine makes our work  | I) Choose the correct option:        |                                   | 1x3=3 |
|--|--------------------------------------|-----------------------------------|-------|
| (b)Fast       (d) None         2. A computer is used to store  |                                      |                                   |       |
| 2. A computer is used to store   | •                                    |                                   |       |
| (a) Letters       (c) Words         (b) Sums       (d) Information         3. A  |                                      |                                   |       |
| (b) Sums       (d) Information         3. A is used to do video calling.       (a) Printer         (a) Printer       (c) Web camera         (b) Speaker       (d) Scanner         II) Fill in the blanks:       1x4=4         1. We can solve on a computer.       1x4=4         2. A computer is used to and pictures.       1x4=4         3 has two or three buttons.       4. Computers are used to book at railway stations.         III) Write T for true or F for false statements:       1x3=3         1. A computer cannot type letters.       1x3=3         2. A web camera is also called webcam.       3. A keyboard has many keys.         IV) Answer the following questions:       1x5=5         1. What are the main parts of a computer?       2. Name a machine that needs human power to work.         3. What can we send and receive by using computers?       4. Give any two examples for:         (i) Man made things       (i) Man made things | -                                    |                                   |       |
| 3. A is used to do video calling.         (a) Printer       (c) Web camera         (b) Speaker       (d) Scanner         II) Fill in the blanks:       1x4=4         1. We can solve on a computer.       1x4=4         2. A computer is used to and pictures.       3 has two or three buttons.         3 has two or three buttons.       4. Computers are used to book at railway stations.         III) Write T for true or F for false statements:       1x3=3         1. A computer cannot type letters.       1x3=3         2. A web camera is also called webcam.       3. A keyboard has many keys.         IV) Answer the following questions:       1x5=5         1. What are the main parts of a computer?       2. Name a machine that needs human power to work.         3. What can we send and receive by using computers?       4. Give any two examples for:         (i) Man made things       (i) Man made things                                    |                                      |                                   |       |
| (a) Printer       (c) Web camera         (b) Speaker       (d) Scanner         II) Fill in the blanks:       1x4=4         1. We can solve on a computer.       1x4=4         2. A computer is used to and pictures.       3 has two or three buttons.         3 has two or three buttons.       4. Computers are used to book at railway stations.         III) Write T for true or F for false statements:       1x3=3         1. A computer cannot type letters.       2. A web camera is also called webcam.         3. A keyboard has many keys.       1x5=5         IV) Answer the following questions:       1x5=5         1. What are the main parts of a computer?       2. Name a machine that needs human power to work.         3. What can we send and receive by using computers?       4. Give any two examples for:         (i) Man made things       (i) Man made things  |                                      |                                   |       |
| (b) Speaker       (d) Scanner         II) Fill in the blanks:       1x4=4         1. We can solve on a computer.       2. A computer is used to and pictures.         3 has two or three buttons.       4. Computers are used to book at railway stations.         III) Write T for true or F for false statements:       1x3=3         1. A computer cannot type letters.       2. A web camera is also called webcam.         3. A keyboard has many keys.       1x5=5         1. What are the main parts of a computer?       2. Name a machine that needs human power to work.         3. What can we send and receive by using computers?       4. Give any two examples for:         (i)       Man made things   |                                      | -                                 |       |
| II) Fill in the blanks:       1x4=4         1. We can solve on a computer.       2. A computer is used to and pictures.         3 has two or three buttons.       4. Computers are used to book at railway stations.         III) Write T for true or F for false statements:       1x3=3         1. A computer cannot type letters.       1x3=3         2. A web camera is also called webcam.       3. A keyboard has many keys.         IV) Answer the following questions:       1x5=5         1. What are the main parts of a computer?       1x5=5         2. Name a machine that needs human power to work.       3. What can we send and receive by using computers?         4. Give any two examples for:       (i) Man made things   |                                      |                                   |       |
| <ol> <li>We can solve on a computer.</li> <li>A computer is used to and pictures.</li> <li> has two or three buttons.</li> <li>Computers are used to book at railway stations.</li> <li>III) Write T for true or F for false statements: 1x3=3         <ol> <li>A computer cannot type letters.</li> <li>A web camera is also called webcam.</li> <li>A keyboard has many keys.</li> </ol> </li> <li>IV) Answer the following questions: 1x5=5         <ol> <li>What are the main parts of a computer?</li> <li>Name a machine that needs human power to work.</li> <li>What can we send and receive by using computers?</li> <li>Give any two examples for:</li></ol></li></ol>   | (D) Speaker                          | (u) Scamer                        |       |
| <ol> <li>We can solve on a computer.</li> <li>A computer is used to and pictures.</li> <li> has two or three buttons.</li> <li>Computers are used to book at railway stations.</li> <li>III) Write T for true or F for false statements: 1x3=3         <ol> <li>A computer cannot type letters.</li> <li>A web camera is also called webcam.</li> <li>A keyboard has many keys.</li> </ol> </li> <li>IV) Answer the following questions: 1x5=5         <ol> <li>What are the main parts of a computer?</li> <li>Name a machine that needs human power to work.</li> <li>What can we send and receive by using computers?</li> <li>Give any two examples for:</li></ol></li></ol>   | II) Fill in the blanks:              |                                   | 1x4=4 |
| <ul> <li>3 has two or three buttons.</li> <li>4. Computers are used to book at railway stations.</li> <li>III) Write T for true or F for false statements: 1x3=3</li> <li>1. A computer cannot type letters.</li> <li>2. A web camera is also called webcam.</li> <li>3. A keyboard has many keys.</li> <li>IV) Answer the following questions: 1x5=5</li> <li>1. What are the main parts of a computer?</li> <li>2. Name a machine that needs human power to work.</li> <li>3. What can we send and receive by using computers?</li> <li>4. Give any two examples for: (i) Man made things</li> </ul>   |                                      |                                   |       |
| <ul> <li>4. Computers are used to book at railway stations.</li> <li>III) Write T for true or F for false statements: 1x3=3 <ol> <li>A computer cannot type letters.</li> <li>A web camera is also called webcam.</li> <li>A keyboard has many keys.</li> </ol> </li> <li>IV) Answer the following questions: 1x5=5 <ol> <li>What are the main parts of a computer?</li> <li>Name a machine that needs human power to work.</li> <li>What can we send and receive by using computers?</li> <li>Give any two examples for: <ol> <li>Man made things</li> </ol> </li> </ol></li></ul>  | 2. A computer is u                   | used to and pictures.             |       |
| <ul> <li>III) Write T for true or F for false statements: 1x3=3</li> <li>1. A computer cannot type letters.</li> <li>2. A web camera is also called webcam.</li> <li>3. A keyboard has many keys.</li> <li>IV) Answer the following questions: 1x5=5</li> <li>1. What are the main parts of a computer?</li> <li>2. Name a machine that needs human power to work.</li> <li>3. What can we send and receive by using computers?</li> <li>4. Give any two examples for: <ul> <li>(i) Man made things</li> </ul> </li> </ul>   | 3 has tw                             | o or three buttons.               |       |
| <ol> <li>A computer cannot type letters.</li> <li>A web camera is also called webcam.</li> <li>A keyboard has many keys.</li> </ol> IV) Answer the following questions: 1x5=5 <ol> <li>What are the main parts of a computer?</li> <li>Name a machine that needs human power to work.</li> <li>What can we send and receive by using computers?</li> <li>Give any two examples for:         <ol> <li>Man made things</li> </ol> </li> </ol>  | 4. Computers are                     | used to book at railway stations. |       |
| <ol> <li>A computer cannot type letters.</li> <li>A web camera is also called webcam.</li> <li>A keyboard has many keys.</li> </ol> IV) Answer the following questions: 1x5=5 <ol> <li>What are the main parts of a computer?</li> <li>Name a machine that needs human power to work.</li> <li>What can we send and receive by using computers?</li> <li>Give any two examples for:         <ol> <li>Man made things</li> </ol> </li> </ol>  |                                      |                                   |       |
| <ul> <li>2. A web camera is also called webcam.</li> <li>3. A keyboard has many keys.</li> <li>IV) Answer the following questions: 1x5=5</li> <li>1. What are the main parts of a computer?</li> <li>2. Name a machine that needs human power to work.</li> <li>3. What can we send and receive by using computers?</li> <li>4. Give any two examples for: <ul> <li>(i) Man made things</li> </ul> </li> </ul>   |                                      | 1x3=3                             |       |
| <ul> <li>3. A keyboard has many keys.</li> <li>IV) Answer the following questions: 1x5=5</li> <li>1. What are the main parts of a computer?</li> <li>2. Name a machine that needs human power to work.</li> <li>3. What can we send and receive by using computers?</li> <li>4. Give any two examples for: <ul> <li>(i) Man made things</li> </ul> </li> </ul>   |                                      |                                   |       |
| IV) Answer the following questions:1x5=51. What are the main parts of a computer?12. Name a machine that needs human power to work.13. What can we send and receive by using computers?14. Give any two examples for:(i) Man made things   | 2. A web camera                      | is also called webcam.            |       |
| <ol> <li>What are the main parts of a computer?</li> <li>Name a machine that needs human power to work.</li> <li>What can we send and receive by using computers?</li> <li>Give any two examples for:         <ul> <li>(i) Man made things</li> </ul> </li> </ol>  | 3. A keyboard ha                     | as many keys.                     |       |
| <ol> <li>What are the main parts of a computer?</li> <li>Name a machine that needs human power to work.</li> <li>What can we send and receive by using computers?</li> <li>Give any two examples for:         <ul> <li>(i) Man made things</li> </ul> </li> </ol>  | IV) Answer the follow                | ing questions:                    | 1x5=5 |
| <ol> <li>Name a machine that needs human power to work.</li> <li>What can we send and receive by using computers?</li> <li>Give any two examples for:         <ul> <li>(i) Man made things</li> </ul> </li> </ol>  |                                      |                                   |       |
| <ul> <li>3. What can we send and receive by using computers?</li> <li>4. Give any two examples for: <ul> <li>(i) Man made things</li> </ul> </li> </ul>  |                                      |                                   |       |
| 4. Give any two examples for:<br>(i) Man made things   |                                      | -                                 |       |
| (i) Man made things  |                                      |                                   |       |
|  | -                                    | -                                 |       |
|  |                                      | -                                 |       |
| 5. What can we listen on a computer?   | 5. What can we listen on a computer? |                                   |       |
